

Supporting Young Children's Behaviour in Early Learning & Care

Overview

This training is suitable for those working in Early Learning & Care and interested in learning more about young children's behaviour.

The aim of this training is to support early years educators to consider the importance of children's social and emotional wellbeing.

Children benefit from attending Early Learning and Care settings that put in place practices to promote children developing social and emotional skills and support children to learn and practice these skills.

Method & Materials

Duration:
1 Full Day

Format:
In Person

Group Size:
16 - 20 participants

This training will involve presentation and engaging group activities and discussion. Participants will receive a Certificate of Attendance.

Outcomes

Following the training participants will be able to:

- Recognise young children's behaviour as communication.
- Identify factors that influence young children's behaviour.
- Describe the importance of promoting nurturing and responsive relationships and supportive environments for all children.
- Consider practices that promote social emotional development.
- Create a process to develop and implement an individualised support plan.
